

Redmond Youth Football is an all-inclusive, non-profit youth sports organization created to provide a high quality experience for all 1st-6th grade kids living in Redmond and surrounding areas. Our vision is to elevate the game of football in our community for our youth through character, skill and teamwork development. For years, kids in Redmond have had limited options to experience a sound, integrity drive and fun football experience. During this past season we had roughly 350 players in the program which is a substantial increase of around 200 players from the previous years programs. Our Executive and Operations Board members are passionate about developing a culture of champions in life on and off the field that is affordable for all kids and families in our community, but we cannot do it without your support! We believe that strong communities start with strong kids, families and businesses. We know that without your support we won't be able to make the positive impact we envision and keep the costs at a level that allows all kids in our community to participate. We want to thank you for taking your valuable time to read this introduction to our program and we invite you to donate money to this great program under new oversight. Redmond Youth Football is a federal 501(c) 3 nonprofit and all partner contributions are tax deductible. Pick 1 or more of the 3 simple options to help promote your business and provide a great experience for children!
